

# Isele

Nali isele,

Emva kwendlu kabawo,

Litya lichola-chola.

Lithi ndakuligxotha,

Lith' ukusuka kwalo,

Lithi tsi, gxada, tsi, gxada, tsi, gxada.

Lithi tsi, gxada, tsi, gxada, tsi, gxada, tsi!

# Malunga nesicengcelezo

Esi sicengcelezo simalunga nesele eligxothwa ecaleni kwendlu, elixhuma-xhumayo njengokuba lisuka nje.

## About the rhyme

This rhyme is about a frog that is hopping around as it is chased away from a house.

## Imisebenzi

- Ningalinganisa indlela amasele ahamba ngayo. Njengokuba nisenza isicengcelezo nje nani ningenza unomasele.
- Ningancokola ngamasele. Niziva njani ngawo? Kutheni? Naniwabona phi, esenza ni? Ungabuza abantwana: benisazi ukuba amasele ahlala emanzini nangaphandle kwamanzi?
- Ungacela umntwana ukuba nakhele isele indlu. Ningasebenzisa amakhalibhodi, amaphepha-ndaba amadala kunye nezinto ezinjengamagqabi awileyo, amatye amancinci, namakhuni kanje.

## Activities

- Leap like frogs as you say or listen to the rhyme together.
- Chat about what you both think makes frogs special. (Did you know that most frogs live part of their lives in water and part on land?)
- Invite your children to use recycled materials (like cardboard boxes, toilet rolls, newspaper) and/or natural materials (like leaves, stones, twigs) to make a home that a frog would enjoy living in!
